July 9, 1931

ENGINEERING NEWS-RECORD

A WEEKLY JOURNAL OF CIVIL ENGINEERING

AND CONSTRUCTION PRACTICE

Volume 106

January 1 to June 25, 1931

McGRAW-HILL PUBLISHING COMPANY, INC.
Tenth Avenue at Thirty-sixth Street
NEW YORK CITY

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 106—January 1 to June 25, 1931

	Page
Jan. 1	1 to 54
Jan. 8	55 to 92
Jan. 15	93 to 132
Jan. 22	133 to 174
Jan. 29	175 to 214
Feb. 5	215 to 262
Feb. 12	263 to 304
Feb. 19	305 to 344
Feb. 26	345 to 382
Mar. 5	383 to 424
Mar. 12	425 to 464
Mar. 19	465 to 506
Mar. 26	507 to 546
Apr. 2	547 to 588
Apr. 9	589 to 632
Apr. 16	633 to 672
Apr. 23	673 to 712
Apr. 30	713 to 750
May 7	751 to 792
May 14	793 to 832
May 21	833 to 874
May 28	875 to 914
June 4	915 to 956
June 11	957 to 994
June 18	995 to 1034
June 25	1035 to 1074

A

ACCIDENTS AND ACCIDENT PREVENTION
- Safety and risk e407

AERONAUTICS
- Accidents
  - Publicity on airplane crashes e591
  - "R-101" crash caused by gas leak n024
  - Structure vindicated e074
- Airports
  - Dallas airport improved n703
  - Drainage and surfacing survey at A.R.B.A. convention 156
  - Lindbergh Field, San Diego, Cal.—first unit completed n1070
  - Marker tower n*703
  - Miami seaplane base started n460
  - New Orleans municipal airport n207
  - Runways, taxi strips and field surfaces, W. G. Hudson *180
  - Two new airports at Detroit *1006
- Air transport e219
- Maps, aerial, aid parkway construction, L. D. Bell 983
- Mooring Mast myth e133
- Transportation 1,000 per cent safer n026

Air cleaner for internal-combustion engines *089

Air conditioning
- More travel comfort e015

Airlines—stop cock for *786

Akron
- Sewage-treatment plant costs distributed by units, A. B. Backherms 550

American Assn. of Water Well Drillers
- Driven—well water problems discussed n539

American Concrete Institute
- Current concrete investigations discussed 402
- Good and bad concrete 757

AMERICAN ENGINEERING COUNCIL
- Current legislative matters considered n103
- Outlines tool bridges legislation needs n107
- To oppose unwise labor legislation n871

American Institute of Consulting Engineers
- Discuss expert testimony n205

American Railway Engineering Assn.
- Baldwin elected president n490
- Two-day meeting 484

AMERICAN ROAD BUILDERS ASSOCIATION
- Meeting n168
- Notable technical surveys presented at convention 155
- Outline year's program n870

American Shore & Beach Preservation Assn.
- Meeting at Norfolk n702

AMERICAN SOCIETY OF CIVIL ENGINEERS
- Acts on engineer architect report and bridge clearance n665
- Annual meeting 198
- Medals and prizes awarded at meeting n184
- Set up division to study economics n107
- Technical performance e175
- Transportation discussed at Norfolk meetings 693

American Society of Heating & Ventilating Engineers
- Co-operative research n870

AMERICAN SOCIETY FOR TESTING MATERIALS
- District organization in N. Y. C.—paper on cement and concrete n456
- Officers nominated n942
- Pittsburgh regional meeting 529
- Sign of the times e507
- What we know of fatigue 651

AMERICAN WATER WORKS ASSOCIATION
- Annual convention n941
- Drought problems studied by association 935
- Indiana section meets n412
- New York section meets at Troy n746
- Southeastern section in annual convention n666

American Welding Society
- Structural welding for profit 737

American Wood Preservers' Assn.
- Progress shown in timber preservation n260

AQUEDUCTS
- Colorado aqueduct—Parker route adopted n204
- Hetch Hetchy tunnel construction *90
- Inflows block construction of aqueduct tunnel for Athens, Greece, R. K. Keays *078
- Los Angeles to acquire water-bearing lands n42

Arkansas Engineers Club
- Annual meeting n410

ASPHALT
- Asphalt simplification e016
- California method of placing asphaltic road surfacing 79
- Precast asphaltic sewer joints solve wet trench problems, E. F. Chase *970

ASSOCIATED GENERAL CONTRACTORS OF AMERICA
- Convention n205
- Convention in San Francisco n258
- Co-operation and selling construction service topics at meeting n825
- Organization leadership needed e50
- Proposes blue book to valuate used equipment n824
- Seeks change in bill maintaining local wage rates n335

Association of Highway Officials of the North Atlantic States
- Discuss problems at Atlantic City n370

ASSOCIATIONS
- Anniversaries e134
- Association service e751
- Crossroads of industry e549
- Dissolved by court n538
- Industry co-operation e705
- Industry's dependence on its trade associations, W. M. Wood 1821
- Trade associations not in danger, Julius Klein 1770
- Vigorous age e957

Australia
- Public works construction, H. E. Babbitt *114

Awards
- Bridge design prizes awarded n*827
- Clausen gold medal awarded to Waddell n490
- Miller Memorial medal to E. H. Ewerts n942
- Washington award for bridge construction n335

B

Barges
- Special carfloat used to distribute bulk cement, Morris Kind *111

Beach Preservation Assn. & American Shore
- Meeting at Norfolk n702

Beach protection in California 160

Beams
- Splicing a beam by welding, R. L. Graveley 182

BEARINGS
- Ball and roller bearings in construction equipment 596
- Ball bearing resist deflection *89
- Cageless roller bearings *089
- Oil impregnated bearing metal 544

BLASTING
- Don't maim a child! e016
- Settling swamp fills by blasting, J. A. Williams *087
- Stabilizing swamp fills e074
- Timber bridge removed by explosives, L. R. Barton *819

Blueprints, see Drawing and Drawings 106

BOLTS
- Initial stress on tightened bolts 820
- Initial stress on tightened bolts, T. E. Hadley *532

BONDS
- Chicago authorizers 13 issues n409
- Constitutionality of Calif. Toll Bridge Authority upheld n746
- Golden Gate bridge bonds n824
- Hoover Dam bond has low rate n373
- Iowa—hundred million dollar road bond issue invalid n1025
- Kansas approves bond issues n941
- Los Angeles sewer bond issue fails n985
- Los Angeles to vote again on sewer bond issue n495
- Merced irrigation district defaults on interest n1065
- Ohio bond issues—rehearing granted n539
- Ohio court reverses decision in case n1065
- Ohio decision checks public work n457
- Ohio district bonds upheld e1036
- Sacramento votes for new sedimentation basin n500
- San Francisco voters approve special employment bonds n337
- San Gabriel Dam test suit on bond issue n203
- School bond issue and charter amendment lose in St. Paul n666
- Seattle considers developments on Skagit River n1068
- Toll bridge during the past decade, F. M. Masters *227

BOOK REVIEWS
- Airports, H. V. Hubbard and others 368
- American Leviathan, C. A. Beard & Wm. Beard 1021
- Appraisers and assessors manual, Prouty Collins & Prouty 120
- Architectural shades and shadows, E. G. Shelton 1022
- Autobiography of an engineer, W. L. Emmet 903
- Buildings, three monographs, Thomas Adams, etc. 1021
- Calcul des constructions hyperstatiques, J. Rieger 491
- Century of the reaper, Cyrus McCormick 1022
- Code of arbitration, ed. by Frances Kellar 902
- Colorado River and the Boulder Canyon project 1022
- Control, pageant of engineering progress, G. F. Baker 1026
- County government and administration, Fairlie & Kneier 659
- County parks, ed. by G. D. Butler 121
- Design of steel structures, Urquhart & O'Rourke 120
- Economic analysis of the constitutional restrictions, W. L. Bishop 491
- Elastic energy theory, J. A. Van den Broek 901
- Elements of surveying, R. E. Davis 4154
- Elements of water bacteriology, Prescott & Winslow 490
- Empire State, W. E. Rudge 901
- Estimating building costs, C. S. Dingman 370
- Estimating and cost keeping for concrete structures, A. E. Wynn 658
- Forecasting business cycles, W. M. Persons 1023
- Goethals, genius of the Panama Canal, Bishop & Bishop 118
- Government of metropolitan areas in the U. S., Paul Studenski 659
- Grundwasserabsenkung bei fundierungsarbeiten, Dr. Ing. W. Kyrieleis 369
- Handbuch der wasserversorgung, Erwin Gross 492
- Highway economics, Sigvald Johannesson 1020
- Hydraulic diagrams for channels in earth, etc., R. G. Kennedy 370
- Hydraulics, J. H. Gregory 118
- Index of the transactions and journal of the New England Water Works Assn. 1023
- Interstate transmission of electric power, H. L. Elsbee 1023
- Land drainage and flood protection, B. A. Etcheverry 903
- Law of zoning, James Metzenbaum 492
- Ludwig Loewe & Co. Matschoss & Schlesinger 1021
- Map drafting and lettering, H. R. Saunders 1023
- Materials and structures, E. H. Salmon 308
- Mesure optique des distances, etc., R. Bosshardt 370
- Modern architecture, F. L. Wright 1020
- Modern Diesel engine practice, Orville Adams 903
- Modern sewage disposal and hygienics, S. H. Adams 120
- Municipal expenditures, M. L. Walker 491
- National aspects of water power development 660
- Nemesis of American business, Stuart Cahse 902
- New England railroads 1023
- On the stresses in arch dams, C. W. Comstock 1021
- Peru from the air, G. R. Johnson 490
- Population, Corrado Gini and others 370
- Population problems, W. S. Thompson 370
- Principles of city planning, R. B. Lehman 903
- Properties and mechanics of materials, Laurson & Cox 658
- Protection and decoration of concrete, M. Toch 369
- Public reporting 903
- Railroad valuation and fair return, Shao-Tseng Wu 658
- Rigid frame bridge, A. G. Hayden 492
- Rural municipalities, T. B. Manny 492
- Science and the scientific mind, Saidla & Gibbs 121
- Sibert, William L., E. B. Clark 118
- Soviet foreign trade, Budish & Shipman. 660
- Space framework, I. S. Podolsky 902
- Der Stahlskeletthau mit Berucksichtigung der Hock und Hurmhauser, Alfred Hawranek 900
- State and local taxation of property 491
- Structural theory and design, Sutherland & Bowman 120
- Studies in reinforced concrete, W. H. Glanville 119
- Treatise on leather belting, Haven & Sweet 659
- Who's who in government, v. I, New York 121
- Why recognize Russia? Louis Fischer 902
- Wood, lumber and timbers, P. A. Hayward 369

BREAKWATERS
- Great Lakes harbor—breakwater construction *1017

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

BRICKS and BRICKWORK

Bureau of Standards studies water penetration through brick walls ... 1060

BRIDGE ABUTMENTS AND PIERS

Overturned 19,000-ton caisson successfully salvaged.—G. B. Woodruff ... *275

BRIDGE ACCIDENTS AND FAILURES

Barrard Inlet bridge declared menace to navigation ... n295
Collapse of German arch bridge traces to tremine concrete inspiers ... n922
Fire on new B. & O. R.R. bridge, West Virginia ... n*458
French suspension bridge collapses, n985 ... n*1066
Garland City bridge—four men arrested in dynamiting ... n292

BRIDGE CLEARANCES

Bridge clearances. H. J. Kirk ... 1822
Business to the attack ... e346
Clearances not fixed arbitrarily. Lytle Brown ... 1775
Light on bridge clearances ... e975
Mississippi River ... n576
Study to be undertaken by civil engineers ... n905
Text of War Department refusal to application for Hudson River bridge ... n1007

BRIDGE CONSTRUCTION

Africa
Railway extension plan requires large bridge ... n294
Approach work in Massachusetts ... 53
Bridges and approach roads ... e425
Burlington-Bristol bridge — cantilever erection of a 534 ft. lift span. H. G. Veeder, Jr. ... *798
California Supreme Court confirms State Toll Bridge body ... n780
Cleveland
Lorain-Central bridge ... 131
Evansville bridge over Ohio River ... *91
Fairmont Park, Pa., bridge construction delayed by falsework settlement ... n259
Gantry used to erect 120-ft. bridge girders ... *320
George Westinghouse bridge at Pittsburgh. G. S. Richardson ... *680
Highway
Bridge span floated over open draw in Holland. L. Pleysier ... *534
Florida concrete bridge ... *163
Steel bridge over Cedar River, Iowa ... *382
Steel bridge over James River ... 382
K-type bracing for long span bridge trusses ... *553
K-type bracing for long span bridge trusses. Donald Patterson ... 1821
McKees Rocks and West End steel arch bridges at Pittsburgh ... *676
Martinez-Benicia superstructure. S. A. Roake ... *918
Modern slag crushing and sizing plant. E. J. Winkleman ... *726
New bridges ... e324
New York City—Triborough bridge ... *424
1931 bridge construction ... *245
Progress of current bridging ... e221
San Diego, Cal.—pavement and bridge ... 52
Stone plant built as auxiliary to Chicago Steel Works ... *1051
Superstructure participation ... e674
Suspension bridges—restated principles ... e426
Sydney Harbor Bridge near completion ... n*540
Temporary dead load on arch reinforcement provided by pockets of gravel ... 1057
Text of War Department refusal to application for New Hudson River Bridge ... n1007
Three cableways and precast units speed winter bridge construction. B. A. Wilder ... *64
Toll
California bridge—time extended for start on construction ... n335
Trestle bridge in California ... 303
Washington State concrete bridge ... 52

BRIDGE DESIGN

Burlington-Bristol Bridge-cantilever erection of a 534-ft. 1-ft. span. H. G. Veeder ... *798
Burlington-Bristol toll bridge. E. E. Paul ... *796
Concrete rigid-frame bridge designs shows advance ... e1035
Contestants for prizes chosen ... n926
Friction tests on bearing plate materials. T. E. Stanton ... *1058
Golden Gate bridge, structural details ... *890
K-type trusses selected for 225-ft. high way bridge. Paul Anderson ... *982
Martinez-Benicia Bridge. S. A. Roake ... *918
Mechanical methods of stress analysis. O. Gottschalk ... 1162
Multiple span suspension bridges. A. A. Eremin ... 1822
Multi-span suspension bridges. E. E. Howard ... 1287
Multi-span suspension bridges. E. F. Keuster ... 102
Prizes awarded for steel bridge design ... n*827
Railway
A.E.R.A. discuss specifications ... 485
Removable railway bridge ... 934
Rigid frame bridge of 101-ft. span at San Antonio. J. W. Beretta ... *1048
Steelwork
Stiffener spacing for plate girder webs. O. E. Hovery ... 446
Structural details of steel arch bridges at Pittsburgh-McKees Rocks and West End ... *676
Structural details of steel arch bridge at Pittsburgh. Geo. Westinghouse bridge. G. S. Richardson ... *680
Something new in bridges ... e94
Three prizes announced for bridges of 1930 ... n538
Tower-mounted hoists lift bridge span. H. W. Pittenger ... *531
Walls, floors and partitions in the tall building. H. R. Dowswell ... *319

Bridge floors
Built of precast concrete slabs secured by welding ... *804

BRIDGE RENEWALS AND REPAIRS

Burrard Inlet bridge to be rebuilt ... n43
Burrard Inlet bridge span to be replaced ... n870
Manhattan Bridge has new motor road way ... n942
Rebuilding railway and highway bridge at Attock, India. W. T. Everall ... *764
Thames Bridge to be widened ... 690
Vancouver bridge to be reconstructed ... n427
Victoria Falls bridge altered without interrupting traffic ... *308

BRIDGES

Africa
Zambezi River—work begun on bridge ... n378
Arch
Sydney Harbor arch erected in 32 months. L. Ennis ... 1494
Bascule bridge at Elizabeth, N. J. ... *949
Chicago
Fixed or draw bridges for Chicago River ... n943
Highway
Concrete bridge at Boise, Idaho ... *581
Concrete bridge in Pennsylvania ... 546
Mount Carmel bridge over Wabash River ... *343
Neuse River swing span ... *344
Pennsylvania bridge unusual ... n923
Steel bridge and concrete overhead, Wisconsin ... *913
Steel superstructure for California ... *423
Homestead, Allegheny County, plans bridge ... n539
Martinez-Benicia superstructure. S. A. Roake ... *918
New York City
Adverse report on 57th St. bridge ... n57
Empty gesture ... e133
George Washington Bridge—after due deliberation ... e752
Hudson River and Kill van Kull bridges opening ahead of schedule ... n496
Oregon highway bridge ... n*987
Philadelphia
Proposed Market Street bridge ... n499
Pittsburgh
South Tenth St. bridge ... n*743
Pittsburgh's bridges ... e474
Railway
Deck arch bridge over the Nile ... 554
Longest railway lift span ... 695
Three-level grade separation at Chicago ... *731
Rio Grande
Free highway bridge proposed ... n907
San Antonio, Tex.—rigid-frame bridge of 101-ft. span. J. W. Beretta ... *1048
San Francisco
Bids asked for Golden Gate bridge ... n745
Bridge contract contested in suit ... n949
Constitutionality of California Toll Bridge authority upheld ... n746
Golden Gate ... e877
Golden Gate bids indicate cost ... n1005
Golden Gate—contracts are next ... e1035
Golden Gate bridge construction bids to be called ... n791
Golden Gate bridge description, structural details ... *890
Golden Gate plans approved ... n907
Oakland span agreed on ... n207
Schuylkill River concrete bridge ... *849
Shelter Island, N. Y., to have two suspension bridges ... n666
Steel arch bridges at Pittsburgh-McKees Rocks and West End ... *676
Steel arch bridge at Pittsburgh. Geo. Westinghouse. G. S. Richardson ... 680
Steel bridge over Yellowstone Park ... *671
Suspension
Pittsburgh multiple span suspension bridges. C. K. Harvey ... 1662
Vancouver may have high level suspension ... n909
Sydney Harbor Bridge nears completion ... n*540
Toll
Bear Mountain Bridge financial report ... n574
Bear Mountain Bridge not a gold mine ... e547
California toll bridges list earnings for 1930 ... n780
Engineering Council outlines legislation needs ... n197
Mount Hope bridge goes into receivership ... n985
New Jersey Senate accused of bad faith in bill ... n540
New York wants supervision of toll bridges ... n168
Tool bridges during the past decade. F. M. Masters ... *227
Tower-mounted hoists lift bridge span. H. W. Pittenger ... *531
Traffic hazards offered by bridges. O. L. Grover ... *34
United Kingdom
Two new bridges to be built ... n908
Victoria Falls bridge altered without interrupting traffic ... *598
Wooden covered bridge in Pennsylvania ... n*206

BUILDING, ACCIDENTS AND FAILURES

California University building collapse unexplained ... n780
Roof collapses in California College building ... n*666
Steel frame collapses in high wind ... n743
Yonkers, N. Y.—Failure to follow plans brings order to reconstruct building ... n*808

BUILDING CONSTRUCTION

Chicago plan for school construction assailed by report ... n704
Chicago school buildings ... e704
Empire State building topping out ... *153
Future of the tall building. H. W. Corbett ... *307
House and home ... e91
Housing costs cut by standardization ... n337
Loans for house building—charity or business ... n713
Making buildings from blueprints. W. A. Starrett ... *376
Mechanical and electrical equipment for the tall building. Sutherland & Byrne ... *353
Mill construction costs cut ... e547
Rules for condition surveys of buildings. W. T. McIntosh ... 1015
Skyscraper foundations in quicksand area built within open cofferdams. G. W. Glick ... *515
Tieing a new addition to a leaning building. W. C. Spiker ... *1004
Too much dependence on models. H. E. Wessman ... 1408
Walls, floors and partitions in the tall buildings. H. R. Dowswell ... *319
What has happened to building costs? W. J. Barney ... 193

BUILDING DESIGN

Blessings in disguise—Kansas City Power & Light building ... e1037
Cable system to support 200-ft. circular roof ... *24
Caution in modernizing ... e959
Concrete mill design governed by machinery layout. Edmund Wilkes, Jr. ... *561
Concurrent originality ... e145
Drawings, specifications and inspection. J. A. Fourlhoux ... 317
Future of the tall building. H. W. Corbett ... *307
Greater building heights and what they mean to the art ... e306
Independent frames support exterior and interior surfaces of temple dome ... *75
Ingenious building ... e55
Long pin-connected girders carry 25 floors of steel. C. A. Glass ... *1038
New York City
Daily News building behind the scenes in building planning. R. M. Hood ... *314
Plan of Metropolitan Square or Radio City ... n*455
Transport Building at Chicago World's Fair ... *766
Wind resistant
A.S.C.E. report on windbracing ... 198
Art and science ... e957
Measuring the behavior of tall buildings. D. C. Coyle ... *310
New series of tests on flame-cut wind connections. C. E. Hovey ... *739
On the threshold ... e916
Supporting a steel skyscraper on a concrete factory ... *997
Wind design for tall buildings, pt. 1. D. C. Coyle ... *932
Wind design of tall buildings, pt. 2. Albert Smith ... *971
Wind design for tall buildings, pt. 3. H. V. Spurr ... *1012
Wind design for tall buildings, pt. 4. C. T. Morris ... 1050
What happens in practice? ... e714
Wind design for 1,000-ft. tower buildings—Empire State and Manhattan Co. ... *331
Wind study as related to high buildings ... e176
Windowless building for paper manufacture ... 708
Windowless and noiseless factory building ... 707

BUILDING LAWS AND REGULATIONS

Fort Wayne building code challenged as arbitrary ... n780
London building act of 1930. C. Ruggeri ... 1535
Memphis code to permit garages in basements ... n908
New York engineers still restricted by dwelling law ... n745
Ohio building code has stringent safety requirements ... n624
Theory and practice with building lines ... 884
Utah adopts building safety code ... n908
Building Officials Conference of America Meets in Toronto ... n748

BUILDINGS

Atlanta, Ga.
First National Bank—tieing a new addition to a leaning building. W. C. Spiker ... *1004
Boston Federal Building award is held improper ... n701
Chicago
Framework of suspended dome building ... n*539
Post office to be built ... n*985
Transport Building at World's Fair ... *766
Travel and Transport Building for World's Fair ... *73

*Illustrated; a, abstracts; e, editorials; l, letter; n, news

Cleveland—underground exhibition hall and garage n781
Cuba constructing modern prison n*705
Hartford, Conn.:
Aetna Casualty & Surety Co. n*704
Holland:
First skyscraper n*337
Montreal, Canada:
Sun Life building 290
City Bank Farmers Trust Building—foundations built within open cofferdam. G. W. Glick *515
Daily News—supporting a steel skyscraper on a concrete factory *967
Empire State—beacon tower completed. n*573
Empire State building—making buildings from blueprints. W. A. Starrett *326
Empire State building—topping out *153
Empire State and Manhattan Co. buildings—wind design *331
Portland, Ore.:
New public market n*126
St. Paul federal building plans take form n499
Tall buildings multiply e221
Wilmette, Ill.:
Steel dome of temple with two separate frames *75
Bulkheads:
Cobble-filled bulkhead at Trenton *948
Concrete bulkheads for creek channel improve Jacksonville swamp area *70
Bureau of Foreign and Domestic Commerce:
Foreign construction division organizes. n259

BUSINESS

Depression and drought e215
Forecast and counsel e57
Further evidence e875
Platform of American business e385
Spring maintains tension on highway guard cables *129
Cable railway:
Steep incline railway built down side of Royal Gorge *555
Cableway handles spoil *983
Cableway planned for Mount Hood n*663

CAISSONS

Adding to caisson history e263
Centrifugal pumps in circular substructure for Detroit water department *468
First deep open dredged caissons. I. S. Sylvester l535
Overturned 19,000 ton caisson successfully salvaged. G. B. Woodruff *275
Self propelling jet used in excavating under caisson. H. S. Ashman l622
Calculus—mechanizing the calculus *749

CANALS

Cape Cod Canal—lock recommended for. n498
Columbia River power plan n541
Construction cost decrease in New Orleans 454
Dragline excavate irrigation canal, Idaho. *813
Earthquakes and canals e591
Flow in silt-laden canal gaged by contracted flume. R. L. Parshall *183
German machines dig and line canal n*336
Grain-freight and waterway construction. e264
Suez Canal traffic declines in 1930 528
Water ways e218
Welland Canal—twin locks n*624

CEMENT

Bulk cement handling plant *1073
Cart for handling *629
Domestic cement mills ask higher import tariff n1028
Federal Trade Commission takes up price inquiry n541
Field determination of cement content of paving concrete. H. Allen *513
Fitting production to consumption. C. B. Condon 776
Industry further confused by new investigation n376
Minnesota buys 90c. cement n745
Price varies in many sections n905
Price war on e590
Prices drop in last two months n826
Special carfloat used to distribute bulk cement. Morris Kind *111
Valve bag makers restrained from alleged unfair practices n204
Census—Information about census e220
Central States Sewage Works Assn:
Discuss research in sewage treatment n941

CHAMBER OF COMMERCE OF U. S.

By main strength e751
Transportation discussed n779
Will study stabilization. H. I. Harriman l1064
Channels—Inland seaport created at Lake Charles, La. *773
Charters. (See Municipal Government.)
Charts—Reaction, shear and moment chart. .. Ernest McCullough 818

CHICAGO

Regional planning activities reported n457
Rights of water areas e917
School construction plan assailed by report n704
Sewage plant construction time may be extended n124
Tax troubles 987
Three level grade separation at Chicago. *731
Uniform accounting for contractors proposed n1069
Water certificate sale delay turns premium into discount n127
Water service 861
China—municipal engineering in Singapore. H. E. Babbitt *1009

CITIES

Fall River—not by subsidy e383
Long range planning essential in developing municipal utilities. J. H. Gregory 845
Significant city growth e220

CITY PLANNING

Bogota, Colombia—American engineer to make plan n412
Brooklyn regional plan proposals *1019
Building lines—theory and practice 884
Canberra capital city of Australia 115
Chicago's regional planning activities reported n457
Cities of the future e425
Government functions? e265
Government functions? A. G. Dalzell .. l572
New York City—plan of Metropolitan Square or Radio City n*455
Philadelphia regional planning 803
Planned city development increasing ... 149
St. Paul, Minn.—state office building .. n625
Coast erosion and protection:
Sea wall and groins of steel sheeting stabilize Miami Beach. L. B. Taylor. *760

COFFER DAMS

Cellular type cofferdam used in Osage development. A. W. Clark *523
Columbia River — cofferdamming the Columbia *716
Jordan Dam, Ala., cofferdams and stream control. Lee Warren *804
Skyscraper foundations in quicksand area built within open cofferdam. G. W. Glick *515
Colorado River:
Boulder Dam (see Dams, Hoover Dam)
Columns:
Strain tests on steel plates carrying H-section columns. Priester & Sandberg *482
Common Brick Manufacturers Assn.:
Annual convention n294

COMPRESSED AIR AND AIR TOOLS

Air compressing equipment and accessories (Tunnel equipment). J. F. Huvane *611
Air compressor mounted on rails *504
Air compressor, portable *379
Air compressor unit *45
Chisel driven by air *129
Diesel motor drives compressor *45
Repairs inside water pipe made under pressure. J. B. Longwell *109
360-ft. portable compressor *1074
Tractor-mounted compressor *44

CONCRETE

Ariel Dam construction *435
Breakers for removing old pavement ... *832
Competent art e915
Current concrete investigations discussed by A.C.I. 402
Design:
Problems in concrete dam design. D. C. Henny 431
Evolution of the concrete lining plant (Tunnel equipment). J. H. Fitzgerald. *616
Flexible lining for tunnels *819
Floor treated to make a non-sparking surface 534
Forecast of advance e385
Formwork:
Sliding forms used in concrete mill design. Edmund Wilkes, Jr. *561
Good and bad concrete 757
Hydraulic lime in concrete. G. W. Hutchinson 974
Hydro-Electric Power Commission of Ohio studying repairing concrete structures. 1057
New Joint concrete committee resumes specifications study n411
Paper on concrete and cement in A.S.T.M. n456
Philadelphia engineers discuss concrete in buildings n375
Station platforms of precast concrete .. *966
Steel pipe lines protected with thin concrete covering 817
Vibrator *911
Winter construction of concrete bridge. B. A. Wilder *64

CONCRETE AGGREGATES

Aggregate moisture determined by automatic scale *379
Michigan—percentage balance for concrete aggregates. W. J. Emmons ... *37
Scales for field tests of materials. Harold Allen *533
Scale weighs aggregates in mixer skip. *1031
Wheelbarrow scale for aggregates *829

CONCRETE MIXERS

Bodies for mixing or conveying concrete improved *1073
Missouri—automatic burette for measuring mixing water. F. V. Reagel .. *37
Tandem pavers mix 74 one minute batches an hour. E. D. Roberts *808
Transport mixer for light motor trucks. *992
Truck mixer conditioner body *911
Concrete proportioning and mixing:
Field determination of cement content of paving concrete. H. Allen *513
Concrete Reinforcing Steel Inst.:
Meeting in Massachusetts n538

CONDUITS

Driving and lining a 6 ft. tunnel in gravel. W. B. Macmillan *845
84-in. concrete water conduit in Baltimore *870
Filters and pumping station connected by tight concrete conduit. W. C. Mabee. *690
Rigid conduits that can be bent 911
Connecticut Society of Civil Engineers:
New Haven meeting n374

CONSTRUCTION

Central Mortgage Bank proposed n986
Central Mortgage Reserve Bank e958
Comparative construction costs e175
Construction volume e751
Construction data and prospects (charts) 252
Costs decrease 18 per cent in two years. 195
Cost decrease in New Orleans 454
Delay e465
Government budget for 1931 construction n168
Hawaiian Islands plan work n540
Higher construction efficiency e427
Increase the planning forces e591
Law for advance public works planning is signed n335
Los Angeles to build village for Olympic contestants n942
1930 construction e215
No industry e876
Not overbuilt e793
Plan for fall and winter! e996
Planned public works e305
Practical philanthropy e673
Public work active everywhere; build volume small n945
Rehabilitating home building. F. L. Cranford 899
Safety is worth money e508
Stabilizing construction 898
Structural advance e221
Winter:
Safer construction heating e133
Three cableways and precast units speed winter bridge construction. B. A. Wilder *64

CONSTRUCTION EQUIPMENT

Better equipment e229
Brick and tile cutter *632
How equipment builders serve the construction industry. Lion Gardiner .. 597
Jaw crusher *1073
Obsolete equipment e633
Origin of new designs and improvement. K. M. Talbot 599
Progress of construction equipment e589
Scaffolds for building construction. J. D. Levin *620
Screen stabilizing device *1034
Year's progress in development of construction equipment *592

CONSTRUCTION MATERIALS

Apparent specific gravity apparatus. A. F. Shure *532
Crusher produces fines *993
Federal Trade Commission to look into building materials industry n906
Mineral aggregate refinement e714
Strength of hollow-unit masonry 358
Construction materials, current prices:
Wages, materials prices and unit costs paid by contractors in fourteen states. n1029

CONTRACTING

Against public interest e793
Boston Federal Building award n701, n823
Construction and contracting e222
Dallas board rejects school bids with fees for estimating n373, n455
Estimating fees—a symposium 281
New bidding procedure e133
Prequalification for public works bidders is passed in Oregon n495
Prequalifications vs. bidding fees e466
Problems discussed at A.R.B.A. convention 157
Sharp Practice? e673
Special privilege legislation e1037
Views on bidding fees e263

CONTRACTORS

Bureau of Contract information e958
Harve, Mont.—contractor finances municipal water supply development. R. T. Jacobsen 734
Public works contractors in Nevada must obtain license n626
Safe versus safer *633
Wages, materials prices and unit costs paid by contractors in fourteen states. n1029

CONTRACTS

Arbitration e673
Behind the scenes in building planning cost-plus contract for Daily News building. R. M. Hood *314
Disputes on public works contracts. P. D. Case—C. H. Stevens 886
Engineering construction contracts reported in 1930 262
First quarter road lettings in record breaking volume n577
Irresponsible owners e93
Paying dearly e633
Separate contracts for steel e834
Separate contracts for steel. J. N. Keenan 1064
Counties in Georgia vote to consolidate .. n746

CRANES

Crane runways. J. E. Tonnelier *810
Double end gas electric wrecking crane .. *582

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Gantry used to erect 120 ft. bridge girders *620
Gate handling at Calderwood Dam. A. J. Ackerman *754
Loadmaster crane acquired by Bucyrus-Erie Co. *869
Sludge bed materials spread by machine. N. E. Anderson *800
Unit for industrial tractor *873
Culverts:
Air driven jacks used to install culverts. *950

D

DAMS
Arch:
Dam analysis by trial loads simplified. H. M. Westergaard *141
Owyhee Dam—foundation procedure..*178
Ariel Dam construction *435
Australia:
Hume dam across the Murray River..*114
Bagnell Dam—gates closed n*409

DERRICKS
Signaling device for cranes and derricks.*820
Steel skid derricks in Osage project...*818
Stiff leg derrick places 150 ft. trusses for highway bridge. J. M. C. Walker.*821

DETROIT
Construction costs decrease 18 per cent two years 195
Rigid inspection produces better pavements 77
Water service *862
Doors:
Aluminum alloy doors in railroad roadhouse *531
Dowels supported by wire device.....*832

DRAINAGE
Concrete bulkheads for creek channel improve Jacksonville swamp area.....*70
Drainage works for the New Madrid floodway. T. T. Knappen.....*878
Grading Village Creek at Birmingham... 631
Progress on Rio Grande conservancy project *759

DRAWING AND DRAWINGS
Drafting tables *129
Drawings, specifications and inspection. J. A. Fouilhoux 317
Drier speeds print production.....*89
Special drawing table top eliminates tracing 380

DREDGES AND DREDGING
Between Manhattan piers.....631
Dredger for ditch maintenance.....*708
Fall River Harbor.....580
Hydraulic dredge operations establish new output records 72
Indian River section of Intercoastal Waterway, Fla. 303
Noyo River, Calif. — jetty work and dredging *580

DRILLS AND DRILLING
Development of the Rock drill. (Tunneling equipment). C. H. Vivian..... 602
Drifter drills and concrete breakers.....*832
Subaqueous rock drills. O. P. Erickson.1024
Drought. (See Rainfall and runoff.)
Dry docks:
Southampton, England to have large dock n1029
World's largest dry dock. S. Hogg....1408
Ducts and manholes:
Filters and pumping station connected by tight concrete conduit. W. C. Mabee..*690

DUMP WAGONS
Hydraulic and gravity wagons, crawler mounted *503
Mounted on crawler wheels.....*750
Side-dump truck body.....*984

E

EARTH FILL
Hydraulic fill and dump fill for high railroad embankment *364
Settling swamp fills by blasting. J. A. Williams *687
Earth moving:
Self-propelling earth mover.....*298

EARTHQUAKES
Destruction by earthquakes.....e674
Italian earthquake observations..... 140
Losses by earthquakes e591
Managua earthquake report n574, n624, n663
Menace of earthquakes.....e764
New Zealand—two cities destroyed....n*291

ELECTRIC POWER TRANSMISSION
Rushing the power line to Hoover Dam site. R. H. Halpenny.....*1054
Testing full size transmission towers. N. B. Obbard.....*735
Electric railways:
All steel safety zone.....*914
Milwaukee's new rapid transit railroad..*550
Electric apparatus:
Electric eye guards water supply of Denver. D. D. Gross.....*865

ELEVATORS
Building elevators planned for 1,000 ft. per minute speed n337
Dual elevator system in Pittsburgh *195
Mechanical and electrical equipment for the tall building. Sutherland & Byrne *323
Vertical transportation e175
Embankments. (See Dams, Earth fill, highway construction, Railway construction.)

ENGINEERING
Annual review issue.....Feb. 5
Broader interests e466
New code of ethics needed e1036
Recent points decided in engineering law. Herbert Braasch 768
Recreational engineering e916
Engineering Institute of Canada
Canadian engineers meet in Montreal... 289
Engineering News-Record—historical summary 3

ENGINEERS
Apathetic to vital questions. E. E. Soisley 1 82
Architects and engineers.....e435
Backbone needed to prevent reduction of fees e917
Basis outlined for agreement between engineers and architects.....159
Engineering brokerage.....e715
Breadth and professional unity.....e 94
Engineering saturation e834
Injunction haults hearing on incompetency of engineer n940
Licensing:
Baltimore engineers oppose registration n499
California registers 5,000 civil engineers 290
Higher bars for engineers approved. W. O. Dollarhyde.....1 82
Higher qualifications e714
Kansas adopts license law for engineers n573
License bills vetoes in Washington and Oregon n666
Licenses—first conviction in Oregon for violation n905
License qualifications raised in New York State n746
New York engineers act to raise educational requirements n336

Federal funds for new road projects by states.....n84
Federal highway funds being rapidly consumed.....n537
Federal road fund for construction....n40
Financing survey at A.R.B.A. convention 156
Highway work and thought.....e216
Inept lawmaking.....e995
Iowa—hundred-million-dollar road bond issue invalid.....n1025
Minnesota to build highways with state bond issue.....n706
North Carolina county roads taken into state system.....n573
North Carolina's new experiment. Harry Tucker.....1661
One more warning.....e2
Prepare for change.....e753
Road tax raids.....e590
States will absorb emergency fund within time limit.....n125

HIGHWAY EQUIPMENT

Bulldozer with hydraulic control.....*579
California—improved asphalt extractor. T. E. Stanton.....*38
Cement container mounted on batch truck.....*44
Magnetic road sweeper collects metal....394
Mechanical spreader for large material.*579
Michigan—percentage balance for concrete aggregates. W. J. Emmons....*37
Missouri—automatic burette for measuring mixing water. F. V. Reagel....*37
Mixing machine for oiled roads.....*759
Pennsylvania—temperature and humidity control in cement testing. H. S. Mattimore.....*36
Road forms pulled quickly with tool...*579
Road Show.....170, 210
Rollers for tamping fills.....*993
Scraper, hydraulic rollover.....*502
Scraper, wheeled, regulated by hydraulic cylinders.....*130
Shoulder and ditch formed by finishing machine.....*45
Shoulder finishing device.....*783
Spreader attachment for trucks.....*44
Tractor mounted hydraulic bulldozer..*629
Trenching machine fitted with three-speed transmission.....*1031
Triple heater combination.....*129
Wheel mounted maintenance grader....*829
Wisconsin—rocker screen speeds up field test operations. C. R. Stokes.....*39
Highway exhibition.....11, 210
Highway guard.....*786
A.I.S.C. designs road guard.....*947
Highway location
A.R.B.A. survey.....155

HIGHWAY MAINTENANCE

Engineer's part in eliminating road hazards.....e1
Frost:
Research lesson.....e264
Maintenance must keep roads safe. A. H. Hinkle.....*7
Oil-penetrated earth roads renewed. W. W. Shelby.....*478
Roadside weed burning in California...*812
Highway marking:
Motorcycle unit for marking pavement..*992
Uniform markings urged to aid air pilots.n540

HIGHWAY RESEARCH

Arizona—testing oil-carrying quality of earth. J. W. Powers.....38
Frost in road subgrades:
Frost action in silt soils defined by field and cold room studies. Burton & Benkelman.....*266
Curing Minnesota frost boils by drains. C. L. Motl.....270
Pennsylvania—temperature and humidity control in cement testing. H. S. Mattimore.....*36

HIGHWAY SAFETY

Bridges offer many traffic hazards. O. L. Grover.....*34
Licensing drivers.....e3
Protection at special danger points. C. S. Mullen.....*30
"Temporary route" used instead of "detours." V. R. Burton.....16
Highway show—equipment and materials..170
Highway signs,
Protection at special danger points. C. S. Mullen.....*30
Road signs, route marking and signals as safety appliances. E. W. James....*19

HIGHWAY TRAFFIC

Bridges offer many traffic hazards. O. L. Grover.....*34
Coast state legislators seek uniform traffic laws.....n339
Congestion problems.....35
Design of highways for traffic safety. C. H. Purcell.....*22
Heavy loads damage Indiana roads....158
Motor car and traffic relief.....e220
Securing traffic safety at intersections. Clifford Older.....*28

HIGHWAYS

Colorado River—new road along.....*882
Elevated highway for Chicago.....*631

HOISTS AND HOISTING

Air hoist in larger sizes.....*415
Aluminum chain hoist.....914
Electrical signaling device for cranes and derricks.....*820
Portable hoist.....*341

Arch dam analysis by trial loads simplified. H. M. Westergaard *141
Initial stress on tightened bolts *532-820
Mechanical methods of stress analysis. O. Gottschalk ..... l 162
New tests on steel plates carrying H-section columns. Priester & Sandberg *482
What we know of fatigue 651

SUBWAYS

Buenos Aires subway 4.6 miles long built in twenty months *923
Chicago Advisory Board put on per diem basis n985
Milwaukee's new rapid transit railroad. *550
New York City asks bids for first section 6th. Ave. subway n702
New York City—elevated section n*574
New York City's rapid transit unification's cost n41
New York City—Nassau-Broad St. link to open n906
New York's Sixth Ave. subway delayed 2 years n777
New York City 6th Ave. subway to proceed n823
New York City—subway construction. V. *136
Philadelphia resumes work on subway after 2 years delay n496
Philadelphia subway contract awarded. n664
Rome, Italy—subway *1008
San Francisco—feasibility of Market St. subway studied n1028
Where the money goes e133
Subway (see also Rapid Transit)

SURVEYS AND SURVEYING

"Hydrographer" to survey Atlantic coast line n*777
Making rapid field examinations of flood control reservoir sites. J. A. Holmes. *386
Resurvey of disputed state line 689
Setting slope stakes. A. N. George 80
Transit level instrument head *582
Water studies on Rio Grande and lower Colorado 521

T

TANKS AND STANDPIPES

Awards for water tank designs n*778
Design of circular tank of reinforced concrete. B. Morell ..... l 372
Taste and odor tests of paints for water tanks. G. L. Hall 725
Two-story water tank in Scotland 182
Taxation:
Inequitable taxation e93
Overcoming taxpayers resistance to public improvements 554

TESTING MACHINES

Apparent specific gravity apparatus. A. F. Shure *532
Scales for field tests of materials. Harold Allen *533
Thimble, wood-cored, for nailing to steel. . 708
Timbers (see Wood)
Towers:
Testing full size transmission towers. N. B. Obbard *735

TRACTORS

Adjustment of tractor drawn equipment by power *749
Crawlers fitted to tractors *1073
Crawler treads improved 994
Four or six cylinder motors drive tractor truck 993
Industrial tractor of increased capacity. *297
Trailers:
15-ton trailers for transporting contractor's equipment *669
Semi trailer rubbish collection body. . *416
Transmission (see Electric power transmission)

TRANSPORTATION

A.S.C.E. discuss subject at meeting 693
Better freight transportation e875
Railroads—their backs to the wall. W. M. Daniels 223
Transportation e219
Trestles:
Collapsible construction trestle across navigable channel. L. C. Torell *533
Tri-State Pollution Board:
Preliminary meeting n988

TRUSSES

Concrete trusses and 47 ft. flat slabs in new Seattle viaduct. C. H. Eldridge. *642
K-type bracing for long span bridge trusses *553
K-type trusses selected for 225-ft. highway bridge. Paul Anderson 982

TUNNELS

Air compressing equipment and accessories (Tunnel equipment). J. F. Huvane *611
Boston traffic tunnel *784
Boston to East Boston to have traffic tunnel n208
Chicago tunnel fire confined to timbering behind concrete lining n*701
Concrete blocks threaded on cable form flexible tunnel lining *819
Development of the rock drill (Tunnel equipment). C. H. Vivian *602
Driving and lining a 6-ft. tunnel in gravel. W. B. McMillan 645
Equipment's place in tunneling progress. J. S. MacDonald 601
Evolution of the concrete lining plant (tunnel equipment). J. H. Fitzgerald. *616
Hetch Hetchy tunnel construction *96
Hetch Hetchy tunnel traps men temporarily n125
Hudson tunnel—reports on financing .. n123
Lining methods e134
Moffat tunnel—validity of lease upheld. n701
New Hudson River tunnel authorized. . n409
New York aqueduct construction—safe or unsafe tunneling? H. W. Richardson *739
New York City—new plans submitted for crosstown East River tunnel n*1026
Progress in tunnel mucking and haulage (tunnel equipment). D. J. O'Rourke. *613
Railway:
C. & O. R.R. lets contract for double track tunnel n907
Quebec tunnel progressing n499
Tunnel will eliminate grade crossings in Vancouver n204
Vancouver tunnel progressing n624
Safe construction e714
Safety measures recommended by Chicago tunnel fire jury n744
Traffic complexities extraordinary e995
Tunnel against bridge e995
Vancouver asks bids on pressure tunnel. n867
Vehicular tunnel to be built under River Schelde at Antwerp n86, r993
Vehicular tunnel proposed for Portland, Ore. n779
Ventilation during construction (tunnel construction). R. H. Rogers *608

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Water:
Athens water-supply tunnel holed through n295
Coldbrook-Swift tunnel near Boston .. *1033
Coldbrook-Swift bids requested n412
Hetch Hetchy tunnel 60 per cent completed n459
Inflows-block construction of Athens tunnel. R. K. Keays *978
Water handling equipment for tunnels (tunnel equipment). A. H. Borchardt. *605
Where simplicity counts e996
Unemployment (see Labor)
U. S. Bureau of Standards:
Scientific advances 650
Studies water penetration through brick walls 1060
Valves:
High pressure valve for pipe line *992
Pressure relief valves on pipes. E. B. Ball 1372
Ventilation:
Tunnel construction ventilation. R. H. Rogers *608
Venturi meter (see Water Meter)

V

VIADUCTS
Concrete trusses and 47 ft. flat slabs in new Seattle viaduct. C. H. Eldridge. *642
Contracts awarded for viaduct, Los Angeles n867
Jersey meadows to have eight spans of 3-mile viaduct *1032
Three level grade separation at Chicago. *731
Toronto's railway viaduct in operation. n126
Vibration recorders and strain gages (see Strain measuring instrument)

W

WALLS
Nailing furring to steel studs *543
Strength of hollow-unit masonry 358
Waste, industrial:
Decatur, Ill.—starch waste content of sewage treated 648
Disposal studies for milk products waste. E. F. Eldridge 520

WATER
Flow of water around bends. D. B. Freeman 1161
Flow of water around bends. E. M. Shepherd 182
Water consumption:
Design limits in providing for peak load consumption. E. G. Manahan 856

WATER METER
Coefficients for large venturi meters. A. L. Collins 1494
Measuring large flows of water:
Flow in silt laden canal gages by contracted flume. R. L. Parshall.. *183
Determining coefficients of large Venturi meters. S. F. Coghlan *185
Practical Venturi meter for irrigation service. Christiansen & Teilman.. *187
Service building for public utilities. T. A. Leison *858
Venturi meter for irrigation service. J. E. Christiansen 1535
Water pollution:
Salt water in the Sacramento River—construction of barrier opposed 440
Three states act to prevent n778

WATER RIGHTS
California power and irrigation companies sued n780
Connecticut diversion decision e384
Connecticut River diversion approved... 399
Connecticut water diversion by Boston upheld by court n373
Farmer not liable for dynamiting Hat Creek dam n294
For the use of all e795
Interstate stream questions e217
Modern water rights e263
Navigable waters defined by Supreme Court n704
Negotiations vs. litigation e263
New York City—new water law e751
New York City—Supreme Court approves limited diversion from Delaware River. n777
Southern California Edison sued n869
Special master recommends limited diversion of Delaware River water by New York City 284

WATER SUPPLY
Are design revisions necessary? e996
California has plant to develop water resources n206
California's legislative inaction e915
Checking past population forecasts. Jacobs & Skilling 854
Connecticut River diversion approved for Boston 399
Conservancy laws adapted to irrigation development 758
Contractor finances municipal water supply development. R. T. Jacobsen.... 734
Denver water supply guarded by electric eye. D. D. Gross *865
Dependability of water service requires preparedness for emergencies 861
Development in eleven Western states—symposium 428
Field notes on conditions in the drought regions....366; *405; *452; *565; *653
Filters and pumping station connected by tight concrete conduit. W. C. Mabee. *690
Hetch Hetchy pipe line contract to be awarded n905
How Wisconsin is reducing cross-connections 962
Inflows block construction of aqueduct tunnel for Athens, Greece. R. K. Keays *978
Lessons from the 1930 drought. J. F. Laboon *836
Lincoln, Neb., to add to its supply.... n867
Line for Sharonville-Springdale, Ohio... 949
Long range planning essential in developing municipal utilities. J. H. Gregory 845
Low streamflow likely until winter because of depleted groundwater. K. K. Hoyt 938
Low water e263
Low water table forecasts small autumn stream flow 866
Melbourne water supply *116
Montana faces water shortage n1065
More water for Athens e957
Need for water planning e305
New water supply in ten months. Pirnie & Ruff *842
New York City:
Apportionment of flow in Delaware River recommended n257
New York City acquires private water company n705
New York City planning additional supply n573
New York to assume control of private water companies n665
New York votes new supply n778
New York City—warning from experience e465
New York water companies made public utilities n779
Salt Lake City supply to be increased.. n868
San Francisco's delivery of emergency water n457
Seattle denied franchises to extend system n867
Significance of the 1930 drought e634
Special master recommends limited diversion of Delaware River water by New York City *284
Structures being built in 1931 ..... *243
Sufficiency of city's water supply e465
Water companies under public utility regulation halfway reform e793
Weather's effect on water demand discloses sprinkling load. A. H. Miller.. *762
West and its waters e427
Western municipal water supply practice. H. N. Jenks *438

WATER TREATMENT
Acidity and hardness difficulties at Monongahela River plants. L. S. Morgan 850
Chlorinator for small supplies *543
Chlorine flow recorded by scales *873
Continuous algae control by use of chlorination. F. J. Sette 885
Decatur, Ill.—water treated for hardness 648
Problems of four Illinois cities *647
Purification ascendant e995
Safeguarding emergency water supplies. L. H. Enslow *838
Water-sewage-water cycle. Karl Imhoff. *883
Water softening plant employs pumped recirculation for chemical mixing. H. N. Jenks *1061
Western municipal water-supply practice. H. N. Jenks *438

WATER WAYS
Barge line service for Illinois River ...n413
Farm relief and waterway. S. A. Thompson 1407
Grain freight and waterway construction. e264
Mississippi Barge Line shows profit in 1930 ..... n539
Waterway from Gulf of Mexico to Brownsville awaits survey n780

WATER WORKS
Centrifugal pumps in circular substructure used for Detroit water department. *468
Design limits in providing for peak-load consumption. E. G. Manahan 856
Development in eleven Western states—symposium 428
Economic balance in the construction of water works extensions. L. R. Howson 851
Filtration:
Champion-Urbana water treatment plant 647
Sacramento votes for new sedimentation basin n500
Namagua water works restore by army engineers 841
Pembroke, Mass., system *1032
Phoenix, Ariz., improvements 581
Planning and management of water works e833
Practice abroad 480
Principles of financing the privately owned water works. V. B. Siems ... 848
Sacramento, Calif.:
Sedimentation basin near collapse ...n203
Vancouver authorizes expansion of system n780
Water softening plant employs pumped recirculation for chemical mixing. H. N. Jenks *1061
Weighing:
Loader equipped with weighing device for batching *297

WELDING
A.S.T.M. meeting discusses welding .. 529
Assurance of good weld e507
Bridge floor built of precast concrete slabs secured by welding *894
Electric unit for welding thick wall pipe n*461
Electrode welds stainless steel 672
Generators for welding *89
Large welded units replace castings and riveted parts *983
New process 297
Railway mounted welder *462
Rod for hard surfacing 873
Splicing a beam by welding. R. L. Graveley 182
Structural welding for profit—A.W.S. convention 737
Testing demonstrated at Lehigh University n576
Welded connection design. A. Vogel ... 181
Western Society of Engineers:
Confers honorary memberships n941

WIND PRESSURE
A.S.C.E. report on windbracing 198
Measuring the behavior of tall buildings. D. C. Coyle *310
Wind design for 1,000-ft. tower buildings—Empire State and Manhattan Co. *331
Wind resistance e178
Wind pressure (See also Building design—wind resistant)

WOOD
Aluminum paint on creosoted wood 188
Economies seen in increasing use of treated ties 113
Fire-retardant surface treatment for wood scaffolding 69
Machines shape crib timbers for pier construction *79
Poisoning trees to make treated timber 514
Progress shown in timber preservation ..n260
Seats for stadiums. R. M. Wirka *720
Strength of wood from dead trees 192

*Illustrated: a, abstracts; e, editorials; l, letter; n, news
